For information on how to call another party on your line, dial "Operator".

WARNING - TO PARTY LINE USERS

Emergency calls on party lines: State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed to report a fire or summon police, medical or other aid in case of emergency. It is also unlawful to talk over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.

GENERAL INFORMATION

PAYMENT OF BILLS

Bills may be paid in person at the business office or paid by mail.

When mailing payments please use the return envelope that has been enclosed with the bill. Return the BILLING CARD with your payment. If the card has been mislaid, write your telephone number (including your area code) on the check. Please mail payments to:

Telephone Accounting Center
P. O. Box B
Liverpool, New York 13088

EMPLOYEE IDENTIFICATION CARDS

For your protection, telephone employees carry an official identification card showing their name, photograph and signature. If you have the slightest doubt about anyone who says he's from the telephone company, please ask to see his card.

WHEN YOU HEAR A "BEEP" TONE

A short "beep" tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. The signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and is not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the "beep" tone.

ANNOYANCE CALLS

Malicious, threatening and abusive calls, including those in which obscene or profane language is used, are prohibited. The making of such calls over the company's lines may constitute cause for disconnecting service and possible criminal prosecution, and civil action by the person called.

The Telephone Company is concerned about obscene and harassing calls and is trying to help stop them. You don't have to talk or listen to such calls—just hang up. If the calls persist, call your service representative at the telephone company business office. If a threat is made at anytime, also call the police.

DIRECTORY ACCURACY

Every effort is made to compile and print this directory as accurately as possible; however, despite care and attention, errors sometimes occur.

Please check your listings when you receive a new directory. If your listing is incorrect, notify the Business Office at once so that we may change our records and do whatever we can to protect your service in the meantime.

The Company assumes no liability for damages arising from errors or omissions in free listings. Its liability, in the case of paid listings, does not exceed the charge of such listings during the life of this directory.

DIRECT DISTANCE DIALING

With Direct Distance Dialing (DDD), you can dial your own station-to-station long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 120 geographic areas. Each area has its own three-figure "Area Code," (see map on Inside Front Cover). A list of selected Area Codes will be found on page 5.

You can dial direct to almost any telephone with a seven-figure or a two-letter, five-figure number.

FROM ALL TELEPHONES AT CARO (EXCEPT PAY TELEPHONES)

HOW TO DIAL

First get the correct local number and the area code of the city you wish to call. Then dial the DDD Code that is shown below. Follow the example as shown below.

EXAMPLES FOR CALLS WITHIN THE 517 AREA

DDD Code	Telephone Number
1	257-2241

EXAMPLES FOR CALLS OUTSIDE THE 517 AREA

DDD Code	Area Code	Telephone Number
1	312	258-2241

HOW TO GET OUT OF TOWN NUMBERS

If you do not have the number of the party you are calling, dial 1 plus the Area Code of the town you wish to call, then dial 555-1212. If the town you wish to call is within the 517 Area you need not dial the Area Code. There is no charge for these calls.

IF YOU REACH A WRONG NUMBER

Ask the person who answers what city you have reached. Then dial "Operator" immediately and report it to her. She will cancel the charge.

"BUSY" SIGNALS AND "NO ANSWERS"

If you get a "busy" signal or if no one answers the telephone you are calling hang up and try the call a little later. No charge is made on uncompleted calls.

IF YOU NEED HELP

If you are cut off, encounter difficulty in hearing or experience any other trouble, just dial "Operator" and report it to her. She will be glad to help you.

LONG DISTANCE CALLS

STATION-TO-STATION

Call station-to-station if you wish to talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you wish to talk to a particular person or extension phone. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station. Charging starts when conversation begins.

CONFERENCE

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call.

COLLECT

You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the "OPERATOR" when you place the call.

MOBILE AND MARINE SERVICE

You can make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask the "OPERATOR" for the Mobile Service Operator, or the Marine Operator.

OVERSEAS CALLS (Including Alaska and Hawaii)

You can call practically every telephone in the world from your telephone. Tell the "OPERATOR" you wish to place an overseas call and give her the name of the country you are calling.
