A large proportion of the telephone calls made each day to "Information" are for numbers listed in the Telephone Directory. Those needless calls tie up crowded equipment and busy operators needed to handle vital war messages and urgent civilian calls that must not be delayed.

Help eliminate that waste and free those operators for much more important wartime telephone work by doing these two things:

1. *Please look in the directory before you call "Information."*
2. *If the number isn't listed and you must call "Information," write it down so you'll have it next time.*

ORDERS FOR NEW SERVICE, CHANGING OF LOCATION AND DISCONTINUANCE

Applications for new service, orders to change, add or discontinue existing service or equipment, requests for information concerning rates and requests for other information may be made by telephone, or by mail, or in person to the Company's business office.

BILLS AND PAYMENTS

Telephone bills are rendered once a month and are due on presentation.

When paying in person, please bring the bill with you. Telephone bills may be paid at any of the Company's Business Offices or any authorized Agency.

When paying by mail, please enclose the bill stub with your check. If the stub has been mislaid, please write your telephone number on the check.

Telephone bills include charges for local service for one month in advance of the date of your bill and for out-of-town calls made during the monthly period preceding the date of your bill. Each customer is held responsible for all long distance messages originating at his telephone.

Rates for service should be obtained from the Business Office.

To Use the Manual Telephone

1. SECURE THE CORRECT TELEPHONE NUMBER FROM THIS DIRECTORY—if the number you wish to call is not listed, call "Information."
2. Before making a call from a party line or rural line telephone, remove the receiver and listen a moment to make certain that no one is talking on the line.
3. When the Operator answers, give the desired number slowly and distinctly in a moderate tone of voice.

4. On those telephones where a crank is used to ring the Operator, disconnect by ringing off.
5. If service difficulty is encountered, signal the Operator and report the condition.

To Use the Dial Telephone

INDIAN RIVER

1. SECURE THE CORRECT TELEPHONE NUMBER FROM THIS DIRECTORY—if the number you wish to call is not listed, call "Information."
2. Suppose you wish to call **564**. Remove the receiver from the hook and listen for the dial tone (a steady humming sound).
3. After hearing the dial tone, place your finger in the opening where you see the figure **5**.
4. Pull the dial around until your finger strikes the finger-stop. Remove your finger and without touching the dial allow it to return to the normal position.
5. Proceed in the same manner to dial the figures **6** and **4** in that order.
6. When you have finished dialing, listen for the ringing signal (an intermittent burr-ing sound) or the busy signal (a rapid buzz-buzz sound).
If the line is busy, hang up and try your call later. If you hear the ringing signal, wait for about one minute for your party to answer. If you do not hear the ringing signal, or the busy signal, hang up and try your call again in a few seconds.
7. DO NOT INTERFERE WITH THE DIAL OR RECEIVER HOOK DURING CONVERSATION.
8. If when dialing you find that you have made an error, dialed a wrong digit, or interfered with the return of the dial, hang up and then dial again as on a new call.

9. If you have dialed a number at intervals and have received no answer, dial "0" and report the matter to the Operator, as it might be that the telephone you are calling has been disconnected or the number changed.
10. Customers should give exchange name with the telephone number when the number is requested on Telephone Service Calls.

PARTY LINE AND RURAL LINE SERVICE

1. If you are a customer to party line or rural line service, it is particularly important that you listen for dial tone before starting to dial.
2. If you do not hear dial tone, ask if the line is being held.
3. If you receive no response, hang up and try your call again in a few seconds.

CALLS TO A PARTY ON YOUR LINE

If, after dialing a number, a busy signal is received, it may indicate that the party called is on your line.

(2 & 4 PARTY URBAN LINES)

1. If your bell rings after hanging up the receiver following a busy signal, it is a definite indication that the called party is on your line.
2. When ringing stops it indicates that the called party has answered. Remove the receiver and begin conversation.
3. If ringing does not stop within about one minute, it is probable that the called party is not available.
4. To stop the ringing, remove the receiver from the hook and then replace it.
5. If you dial a number at intervals and receive a busy signal on each occasion, dial "0" and report the matter to the Operator, as it might be that the telephone you are calling is on your line. She will assist you in completing the call.

(RURAL LINES)

1. Hang up the receiver and if the called party is on your line, your telephone bell will ring.
2. When ringing stops it indicates that the called party has answered. Remove the receiver and begin conversation.
3. If ringing does not stop within about one minute it indicates that the called party probably is not available.
4. To stop the ringing, remove the receiver from the hook and then replace it.

WOLVERINE

1. SECURE THE CORRECT TELEPHONE NUMBER FROM THIS DIRECTORY—if the number you wish to call is not listed, call "Information."
2. Suppose you wish to call **5641**. Remove the receiver from the hook and listen for the dial tone (a steady humming sound).
3. After hearing the dial tone, place your finger in the opening where you see the figure 5.
4. Pull the dial around until your finger strikes the finger-stop. Remove your finger and without touching the dial allow it to return to the normal position.
5. Proceed in the same manner to dial the figures 6, 4 and 1 in that order.
6. When you have finished dialing, listen for the ringing signal (an intermittent Burr-rr-ing sound) or the busy signal (a rapid Buzz-Buzz-Buzz sound). If the line is busy, hang up and try your call later. If you hear the ringing signal, wait for about one minute for your party to answer. If you do not hear the ringing signal, or the busy signal, hang up and try your call again in a few seconds.
7. DO NOT INTERFERE WITH THE DIAL OR RECEIVER HOOK DURING CONVERSATION.

8. If when dialing you find that you have dialed a wrong digit, interfered with the return of the dial, or made other error, hang up and then dial as on a new call.
9. If you have dialed a number at intervals and have received no answer, dial "0" and report the matter to the Operator, as it might be that the telephone you are calling has been discontinued or the number changed.
10. Customers should give exchange name with the telephone number when the number is requested on Telephone Service Calls.

PARTY LINE AND RURAL LINE SERVICE

1. If you are a customer to party line or rural line service, it is particularly important that you listen for dial tone before starting to dial.
2. If you do not hear dial tone, ask if the line is being held.
3. If you receive no response, hang up and try your call again in a few seconds.

CALLS TO A PARTY ON YOUR LINE

1. If, after dialing a number, a busy signal is received, it may indicate that the party called is on your line.
2. Hang up the receiver and if the called party is on your line, your telephone bell will ring.
3. When ringing stops it indicates that the called party has answered. Remove the receiver and begin conversation.
4. If ringing does not stop within about one minute, it is probable that the called party is not available.
5. To stop the ringing, remove the receiver from the hook and then replace it.

Long Distance Calls

A Station is one where you are connected with anyone who answers the

called telephone or private switchboard. When calling, if you don't know the number, say, for example,

"New York, Mr. John Jones' residence, 734 Park Ave."

If you do know the number, say, for example,

"New York, Exchange 3-9911."

Charging begins as soon as you receive an answer from the called telephone or private switchboard.

A Person call is one where you are connected with a specified person, or with a particular telephone or department reached through a private switchboard. When calling if you don't know the number, say, for example,

"New York, Mr. John Jones, 734 Park Ave."

If you do know the number, say, for example,

"New York, Exchange 3-9911, Mr. John Jones."

Charging begins when you start to talk with the particular person, extension, or department you want.

Rates may be obtained from the Long Distance operator. Between the hours of 6:00 P.M. and 4:30 A.M. and all day Sundays, reduced rates apply on Station and Person calls for which the Station day rate is more than thirty-five cents.

TO PLACE A LONG DISTANCE CALL

Call your Operator and give her:

1. The name of the place you wish to reach.
2. The telephone number you wish to reach at that place or, if the number is not known, the name and address under which the number might be listed. Giving the number will speed the completion of your call.
3. If a Person call, the name of the person or extension number of the Private Branch Exchange to which you wish to talk.

4. If you are placing a Station call, do not specify that a person or extension of a Private Branch Exchange is desired. To do so will make your call Person service and prevent application of the lower rate.
5. When requested by the Operator, give your telephone number. Hold the line until the called telephone answers or the Operator gives a report.

COLLECT CALLS

A Collect Call is one on which arrangements are made to bill the charges for the call to the telephone number called. Collect calls are charged for at the same rate as regular paid calls with the exception of Station calls on which the regular rate is 20 cents or less.

MESSENGER CALLS

A Messenger Call is one on which the Telephone Company sends a messenger to summon the called party to a telephone. The messenger fee is added to the charge for the call.

General Information

Answer calls promptly so that the calling party will not be kept waiting. When answering calls, announce by name or telephone number.

Party line and rural line customers should answer only their own ring signals. If there is any confusion about the ring signals, the fact should

be reported promptly to the Chief Operator.

DIRECTORY ADVERTISING

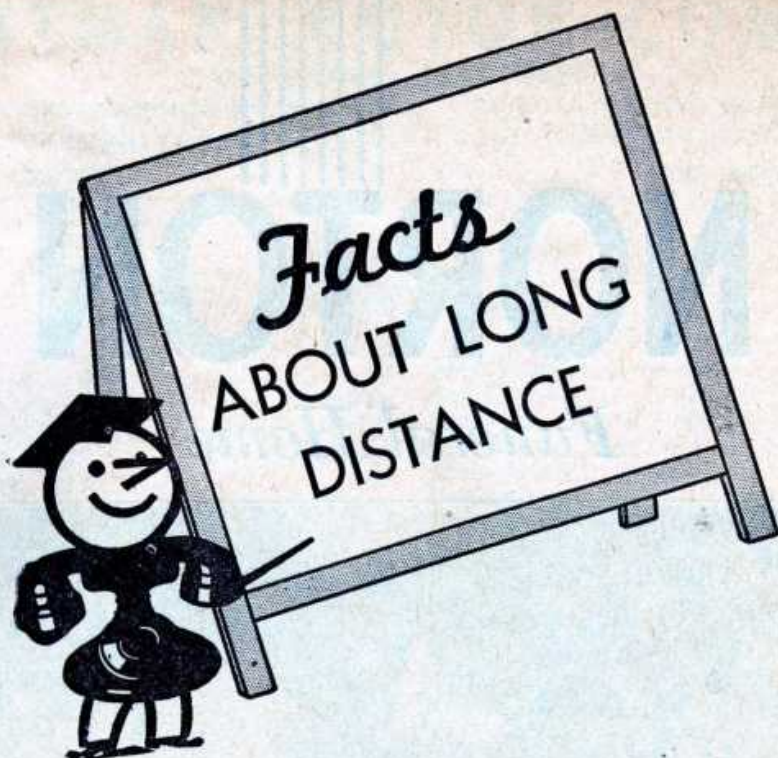

The Telephone Directory Advertising Company, 321 W. Lafayette, Detroit, is the only agency authorized by the Telephone Company to sell telephone directory advertising. It will furnish, upon request, advertising rates and other information regarding directory advertising.

ERRORS IN THIS DIRECTORY

The Company cannot and does not assume any liability because of errors and omissions in compiling this book. Sometimes, notwithstanding care and attention given it, errors will creep in. Please check your listing in the directory. If it is incorrect in any way, please call the Business Office so that it may be corrected in the next issue.

ATTACHMENTS TO TELEPHONES

This Company is responsible for giving efficient telephone service. The equipment and apparatus furnished you have been designed to produce the best telephone results. Therefore, we cannot permit the attachment of devices and so-called improvements which may prove detrimental to the service, and to protect the service the Company will require that any such device be removed. We are prepared to furnish apparatus to meet any special conditions.

1. STATION CALL — When you ask the operator to connect you with a distant *telephone* only (not a specified person or private switchboard extension) it is a Station call, and costs less than a Person call.
2. PERSON CALL — When you ask the operator to connect you with a specified person or private switchboard extension, it is a Person call, and costs more than a Station call.
3. DAY RATES for both Station and Person long distance calls are effective from 4:30 a.m. to 6 p.m. week days. (*for Sunday, see below.*)
4. REDUCED NIGHT RATES on both Station and Person long distance calls are effective every night from 6 p.m. to 4:30 a.m.
5. REDUCED SUNDAY RATES on both Station and Person long distance calls are effective from 6 p.m. Saturday to 4:30 a.m. Monday.
