This series will eventually include all known Lenawee County cemeteries and the records of cemeteries that have been moved or disappeared. Many sources are being utilized to publish these works. Cemeteries will be walked and re-walked, vital records, newspapers, sexton and township records studied.

INTRODUCTION

This is the third in a series of Burial Records for Lenawee County, Michigan. It is a project that has long been awaited.

The Lenawee County Family Researchers, a Genealogical Society has for a number of years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county. Franklin Cemetery, presented here was first walked in 1995, it took 8 years to bring this work to publication.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated endnotes in this volume, so that we could report "extra" information that was found on a particular burial. The endnotes appear at the end of the recordings for each cemetery. Each cemetery is separately indexed and we have also included a bride's index for each cemetery.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. You may find the following abbreviations:

GAR - Grand Army of the Republic

DAR - Daughters of the American Revolution

SAR - Sons of the American Revolution

WRC - Women's Relief Corps

y - years, m - months, d - days

Tec Her - Tecumseh Herald, published in Tecumseh, Lenawee County, Michigan.

ADT - Daily Telegram, published Adrian, Lenawee County, Michigan. Please note that the name of the paper does change slightly over the years, the slight name changes are not indicated in this work, grouping all Adrian "Telegram" papers under same name.

LCDI - Lenawee County Death Index

LCBI - Lenawee County Birth Index

LCVI - Lenawee County Vital Indexes, usually indicates that both the birth and death indexes were checked.

MDI - Michigan Death Index, data base found at Ancestry.com, it covers years 1971 to 1996.

SSDI - Social Security Death Index.

THANKS TO

This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project.

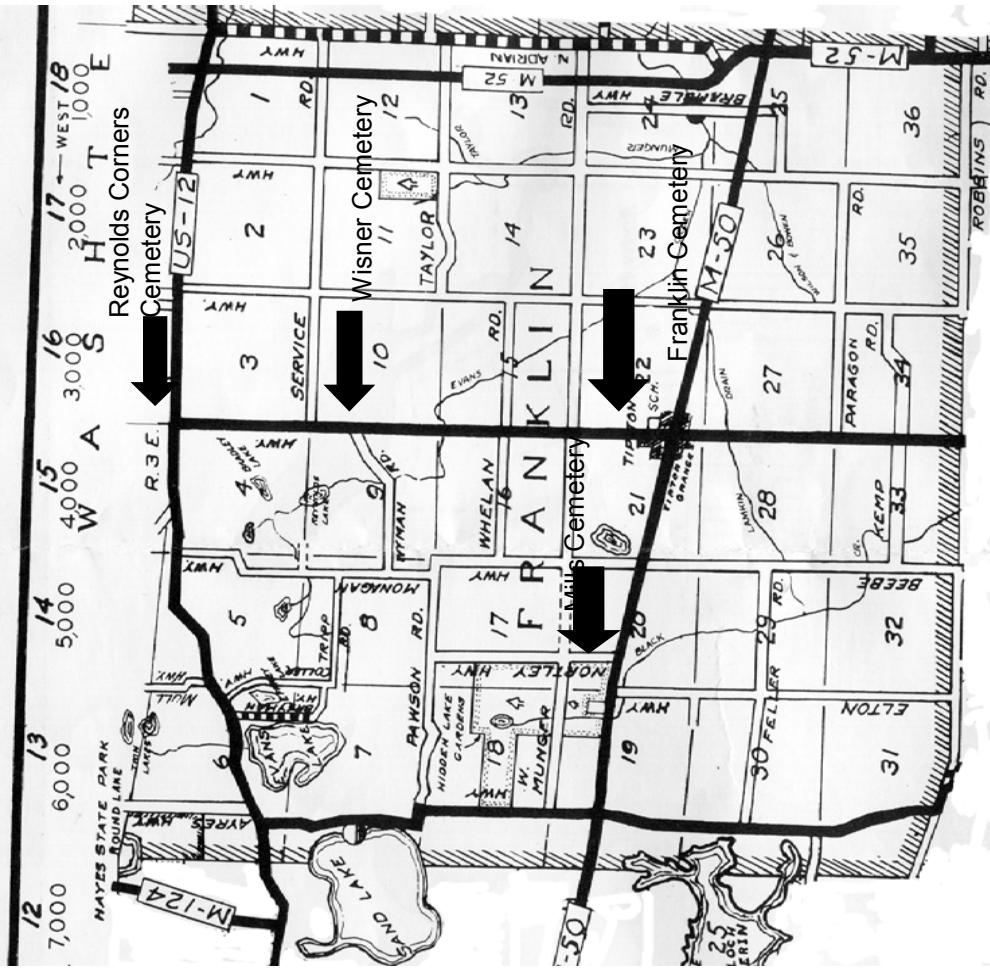

Special thanks go out to Jeannette Dickerson, Linda Reeck, Carol Stevens, Dee O'Brien, and Jan Reister for their work on this volume of Lenawee County Burials. It must be remembered this is a group effort, and without the help of all involved, the project would not have come to be. Thanks to the staff of the cemeteries and the township officials for assisting us.

FRANKLIN TOWNSHIP CEMETERIES

There are three cemeteries in Franklin Township:

- 1.) Wisner Cemetery, located on east side of Wisner Highway, .4 of a mile south of Service.
- 2.) Franklin Cemetery, located on east side of Tipton Highway, .1 of a mile north of M - 50 in Tipton.
- 3.) Mills Cemetery, located on north side M - 50, .1 of a mile west of Nortley.

Also included in this work is Reynolds Corners Cemetery, Washtenaw County, included because a great percentage of the burials are those of Lenawee County residents. It is located on east side of Ely Road, .1 mile north of US 12.

Wisner Cemetery

Wisner Cemetery

Located on the original Wisner farm. East side of Wisner Highway, .4 mile south of Service Road.

Visited in 2000, readings taken from Harriet Cole Clark Bowen DAR works, "Gravestones of Lenawee County", published in 1930's and 1940's.

Bronze tablet on monument reads:

"Wisner

1779 - 1781
and his wife SUSANNA CHANDLER

ABRAM C. WISNER, 1799 - 1867
and wife
SARAH WISNER
Came from Niagara County, New York, by Ox team
Across Canada to Michigan in 1832
and settled on this farm.
Erected by Wisner Association
1924."

Additional stones in the cemetery are:

On a marble slab:

A. J. Wisner d. August 16, 1861

ae 21y 5m 21d son of Abram & Sarah (Wisner) Wisner

A newer granite stone is inscribed:

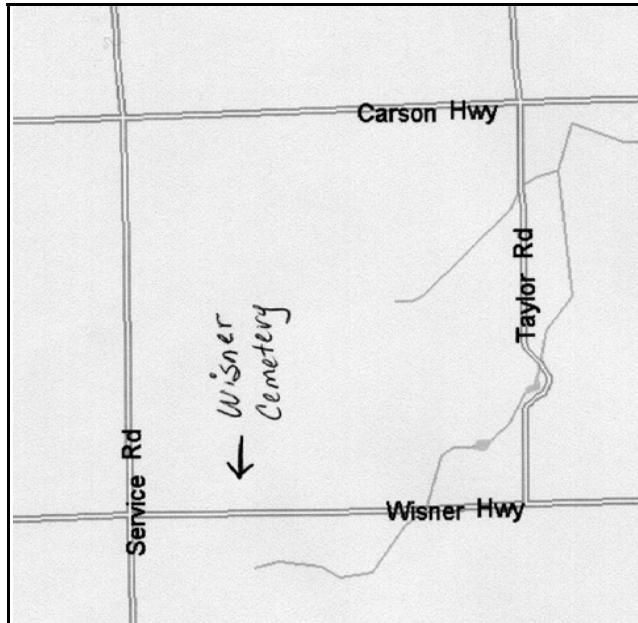

Wm. S. Wisner 1810 - 1858

Sarah Susannah, Inf. 1840 - 1841

All other bodies have been removed from the cemetery.

The boulder and bronze tablet marking Rev. Jehiel Wisner, Revolutionary Soldier's grave were described in the September 30, 1925 issue of the "Adrian Daily Telegram", Adrian, Lenawee County, Michigan. It relates that Rev. Wisner was a Baptist minister, believed to have preached the first sermon in Franklin Township. The article further tells us that the boulder is five feet in height and "of unusual beauty and graceful shape..." The monument was "placed with appropriate ceremonies upon the occasion of the 1924 reunion..." of the Association of the Wisners. Filmed copies of the Adrian Daily Telegram may be found at the Library of Michigan in Lansing, or the Adrian Public Library, in Adrian, Lenawee County, Michigan.

Further information on the family, the cemetery, and Rev. Jehiel Wisner may be found in an article published by the "Tecumseh Herald", Tecumseh, Lenawee County, Michigan on July 8, 1976, see page 4. Filmed copies of this newspaper may be found at the Library of Michigan, Lansing, Michigan, or in the Tecumseh Public Library.

Wisner Cemetery is .4 mile south of Service Road, on the east side of Wisner Highway

Franklin Cemetery

Franklin Cemetery

Franklin Cemetery is located just north of M-50 on Tipton Highway. It consists of 3 sections, Left, Middle, and Right. There are also two war memorial monuments. According to a short history on the cemetery (found at the Lenawee County Historical Society Museum Archives), "There seems to be no record whether the land was purchased or whether it was given by one of the pioneers at that time. James Blair, a Canadian by birth, and the first surveyor of Lenawee County, and who was elected eight times as supervisor of the newly formed Franklin Township, was the first body to be placed in the new cemetery at Franklin Center in 1852."

This short history also relates two rather sad stories of those buried in Franklin Cemetery, they are repeated here word for word. This history, by the way is not dated, nor is the name of the compiler indicated.

"About 40 years ago, William Nortley, a farmer living north of Old 12, while rabbit hunting, came upon the body of a man. His head was resting upon a neatly folded coat. In the pocket of the coat was a note written with a fine hand and educated style. The note revealed that it would be useless to try to find out who he was. Beside the body was found an empty bottle which had contained poison.

John Mohr, at that time Justice of Peace of Franklin Township made every effort in trying to identify the body. All labels had been removed from his clothing and much money had been spent on dental work but this did not help as clues to his identity. Police in all major cities were contacted but no identification was ever made. Justice Mohr, said, he was someone's son and he was given an honorable burial and lies in an unmarked grave in what was then called the paupers section in the front of the Tipton cemetery."

And:

"A few years ago when the basement of the church was dug out, the skeletons of a man and boy were found. Because of the square nails and pieces of wood found with them, it was thought they might have been white travelers who died on their journey westward. Their bones were gathered and are now buried in the cemetery."

The Franklin Cemetery has been inventoried several times, once in the 1930-40 era by the Adrian DAR and Harriet Cole Clark Bowen. It was inventoried in 1948 by Helen Fisher and Florence Whelan. The cemetery records kept by the township were reported to have been lost during the Palm Sunday Tornado in 1965, so any burials made before 1965 without benefit of a headstone or other marker are unrecorded and lost to time and wind. For this inventory the cemetery was walked several times by three different club members over a period of several years. The center section was walked for the last time in the spring of 2003, the left and right sections were last walked in 2001. The cemetery is well kept, burials are continuing in this cemetery and will for some time to come. It is frequently visited by descendants and many of the graves are decorated by family members year in and year out.

Civil War Monument

The Civil War Monument is said by many to be the first or second Civil War Soldiers Monument dedicated in the United States. It was dedicated July 4, 1866, it was financed by the people of Franklin Township. The monument cost \$1500.00, was commissioned by Orson Knight of Adrian, and was made of sandstone. In 2002, it is sad to report that the Monument shows the wear of time, and the effects of acid rain and of tornados. The monument was blown off its base in April of 1965 during what is locally referred to as the Palm Sunday Tornado. This storm was devastating to the area, many homes and farms were destroyed, lives were lost. At some time brass plates with the names of the soldiers were added to the monument to preserve their names. These brass plates were added before 1975. The shaft (of the monument) is entwined with the flag and garland of laurel. The monument contains four panels bearing sentiments and names of soldiers. You will find the inscriptions recorded in Row M, of the Middle section of the cemetery.

Franklin's New Monument

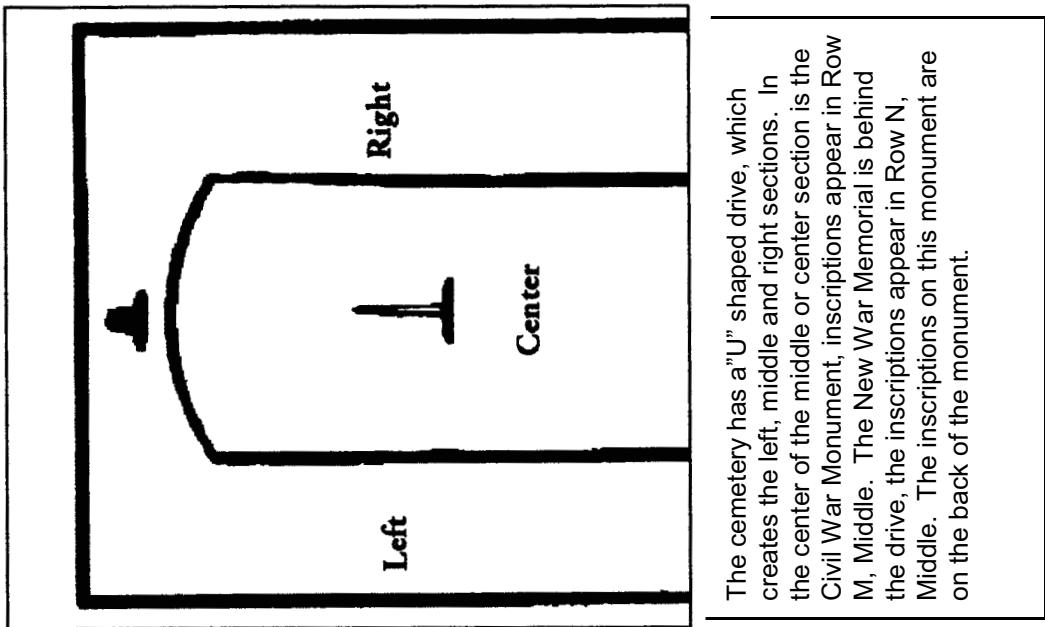

According to a recent history of Franklin Township, titled "A Little Bit of Yesterday, the History of Franklin Township" Written by the People of Franklin, compiled and edited by Vicki J. Cook, published ca. July 10, 1976, by the Franklin Historical Committee, on May 30, 1971 a memorial was dedicated to the memory of men and women of Franklin Township. It was carved of Barre Granite from Barre, Vermont, cost \$3,000.00 which was paid for by popular subscription of all the people of Franklin. On the front of the monument is carved the words:

"Dedicated to the Men and Women of Franklin Township who have given their lives for their country in war. To Our Heroic Dead."

Inscriptions are on the back of the monument, and are recorded in Row N, after Row 64 in the Middle Section.

Row X at the very end of the Middle Section contains entries for burials referenced in earlier cemetery compilations, but that could not be found during the inventories of 1995, 2001 and 2002.

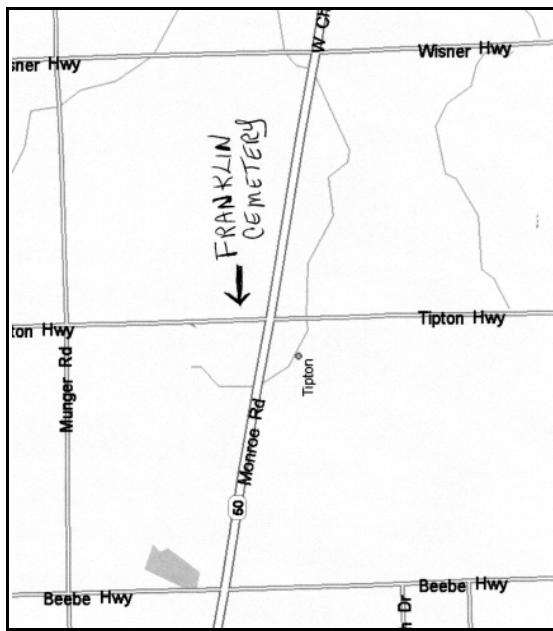

The front of the middle section is the old burying ground, the stones are in many cases very hard to read, broken, some repaired and about to break again, missing, flat on the ground, laying on other stones. The rows do not necessarily run "straight". The rows also go up and over and back down the "hill", which makes following the rows difficult.

The cemetery has a "U" shaped drive, which creates the left, middle and right sections. In the center of the middle or center section is the Civil War Monument, inscriptions appear in Row M, Middle. The New War Memorial is behind the drive, the inscriptions appear in Row N, Middle. The inscriptions on this monument are on the back of the monument.

View of the cemetery from Tipton Highway, immediately in front of the decorative entrance.

Franklin Cemetery is located on the east side of Tipton Highway, just .1 mile north of M-50 and the town of Tipton.

Opposite is a portion of a map published by the University of Michigan Publications, Ann Arbor, Michigan, from a work titled "Archaeological Atlas of Michigan", by Wilbert B. Hinsdale in 1931. This work includes maps of every county in the state of Michigan and points out to the reader Indian Burying Grounds, Indian trails throughout the state, mounds, villages, inclosures including circular and rectangular ones, as well as other interesting items such as garden beds.

The following is a direct quote from the work's introduction:

"The object of this publication is to present such archaeological features of Michigan as can be delineated cartographically, so far as the compilers have been able to secure exact knowledge of locations. Every county has been visited by some member of the staff of University of Michigan Museums, especially for the purpose of making field surveys, but the maps are not entirely based upon results of such reconnaissances.

Unless the locations could be determined within a section of land, they have, as a rule, not been included."

The circle with an + sign through it is denoted to be a Indian Burying Ground. If one studies this map, it would appear that the Burying Ground in Tipton is just about where the Franklin Cemetery lies. If one visits the Franklin Cemetery, you are struck by the fact that the Civil War Monument sits at the top of a hill, mid way from both the front and back and side to side. As the work "Archaeological Atlas of Michigan" does not tell us any more about the exact location of the Burying Ground, we present this interesting piece of information for each to contemplate and decide for themselves, if the Indian Burying Ground is indeed at the site of the Franklin Cemetery.

Franklin/Tipton Cemetery Right Side

This section was read from the front of the cemetery, facing the back, starting on the left side and walking to the right. In 2001 this section is still being actively used, many burials are done here each year.

Franklin Cemetery, Center Section

This section of the cemetery was read as follows: Go to the front of the cemetery, face the back of the cemetery, start reading each row from the right, proceeding to the left side. This is the oldest section of the cemetery, the Civil War monument is at the top of the hill in this section. The rows around the monument can be confusing to follow, great care should be taken in locating a grave in that area of the cemetery.

In many cases only the years of birth and death and ages were inscribed in the stones. In the case where you see a month and day of birth and/or death, please check the comments. Here are some of our sources:

Tecumseh Herald (published Tecumseh, Lenawee County, Michigan), may be abbreviated Tec Her.

Daily Telegram (published Adrian, Lenawee County, Michigan) may be abbreviated ADT. Please note that the name of the paper does change slightly over the years, and that is not indicated in this data base, grouping all Adrian "Telegram" papers under same name.

Len Co Death Index, Len Co Birth Index, or Len Co Vital Indexes, the month and day of the death or birth were copied from the vital records indexes of Lenawee County. May be abbreviated LCDI for the Death Index, LCBI for the Birth Index, LCVI may indicate that both the birth and death indexes were checked.

Michigan Death Index refers to a data base found at Ancestry.com, it covers years 1971 to 1996, may be found abbreviated as "MDI" .

SSDI refers to the Social Security Death Index.

Remember, not all information found in this data base is found engraved on the headstones of your ancestors. Middle names have even been added to this data base if they were determined from an obituary or vital records index.

Franklin/Tipton Cemetery Left Section

This section is read from left to right, starting in the front of the cemetery, immediately behind the caretakers "shed". There is room for many more graves on this side, which one would assume would be filled in over the years. Therefore, the row numbering as it is in the year 2001, will probably not be valid in the year 2005. Please take that into consideration when trying to locate a grave.

Mills Cemetery

Mills Cemetery

Cemetery is located .1 of a mile west of Nortley Highway, near Hidden Lake Gardens. It is on the north side of M - 50. There is no sign, making it a bit difficult to find. It is easier seen approaching from the west than if approaching from the east.

Mills Cemetery

Very little history is known on this cemetery. One of the earliest burials is that of Andrew German, who died in 1837. It is said the land for the burial ground was given by Maj. Philo Mills, a pioneer settler and large land-holder. Maj. Mills himself died in 1841 and is buried here along with his wife Mary Green Mills. Mary is the daughter of a Revolutionary Soldier, Ebenezer Green.

The cemetery is well kept, and local residents still come to visit their ancestors, laying flowers at their grave sites.

At the end of row 1 is a well pump, and a marker which reads: "This well gift of Charles Card".

All entries marked with Row X, are entries found in previous cemetery readings, for which no stone could be found in 2001.

Cemetery is .1 mile west of Nortley, on M-50, just east of the entrance to Hidden Lake Gardens.

Row 2, Catherine Brown Kimball, Real Daughter of DAR, descendant of Samuel Brown, placed by descendants October 17, 1936. (See also Franklin/Tipton cemetery, middle section, for another Real Daughter of the DAR.)

Row 3, Sarah A. Rundell, broken, face down on the ground, wife of Electus.

Row 4, John Dunn, there was no data available on John, so a search of the Vital Records of Lenawee County was done. Two men by the name of John Dunn were found to have died in Lenawee County, one died in Madison Township in 1907, we doubt he would have been buried here, however, the other died in Franklin Township on January 25, 1910, aged 77 years, 8 months and 16 days, his father being one James Bunn and mother one Nancy Moore, we submit that this John Dunn is the one buried in Mills Cemetery.

Row 4, Albert Camburn, obituary from the Daily Telegram, Adrian, Lenawee County, Michigan, tells us that Albert served in Company E, 18th Michigan Infantry in

Mills Cemetery

Reynold's Corner Cemetery
Ely Road, Washtenaw County, Michigan

Reynolds Corners Cemetery

The cemetery is located just .1 of a mile north of U.S. 12 (otherwise known as Michigan Avenue). It is on the east side of the road, and is well maintained. The cemetery is still in use, most of the more recent burials are in Section 5, which is in the rear of the cemetery. The cemetery actually lies in Washtenaw County, but many of the burials are of Lenawee citizens.

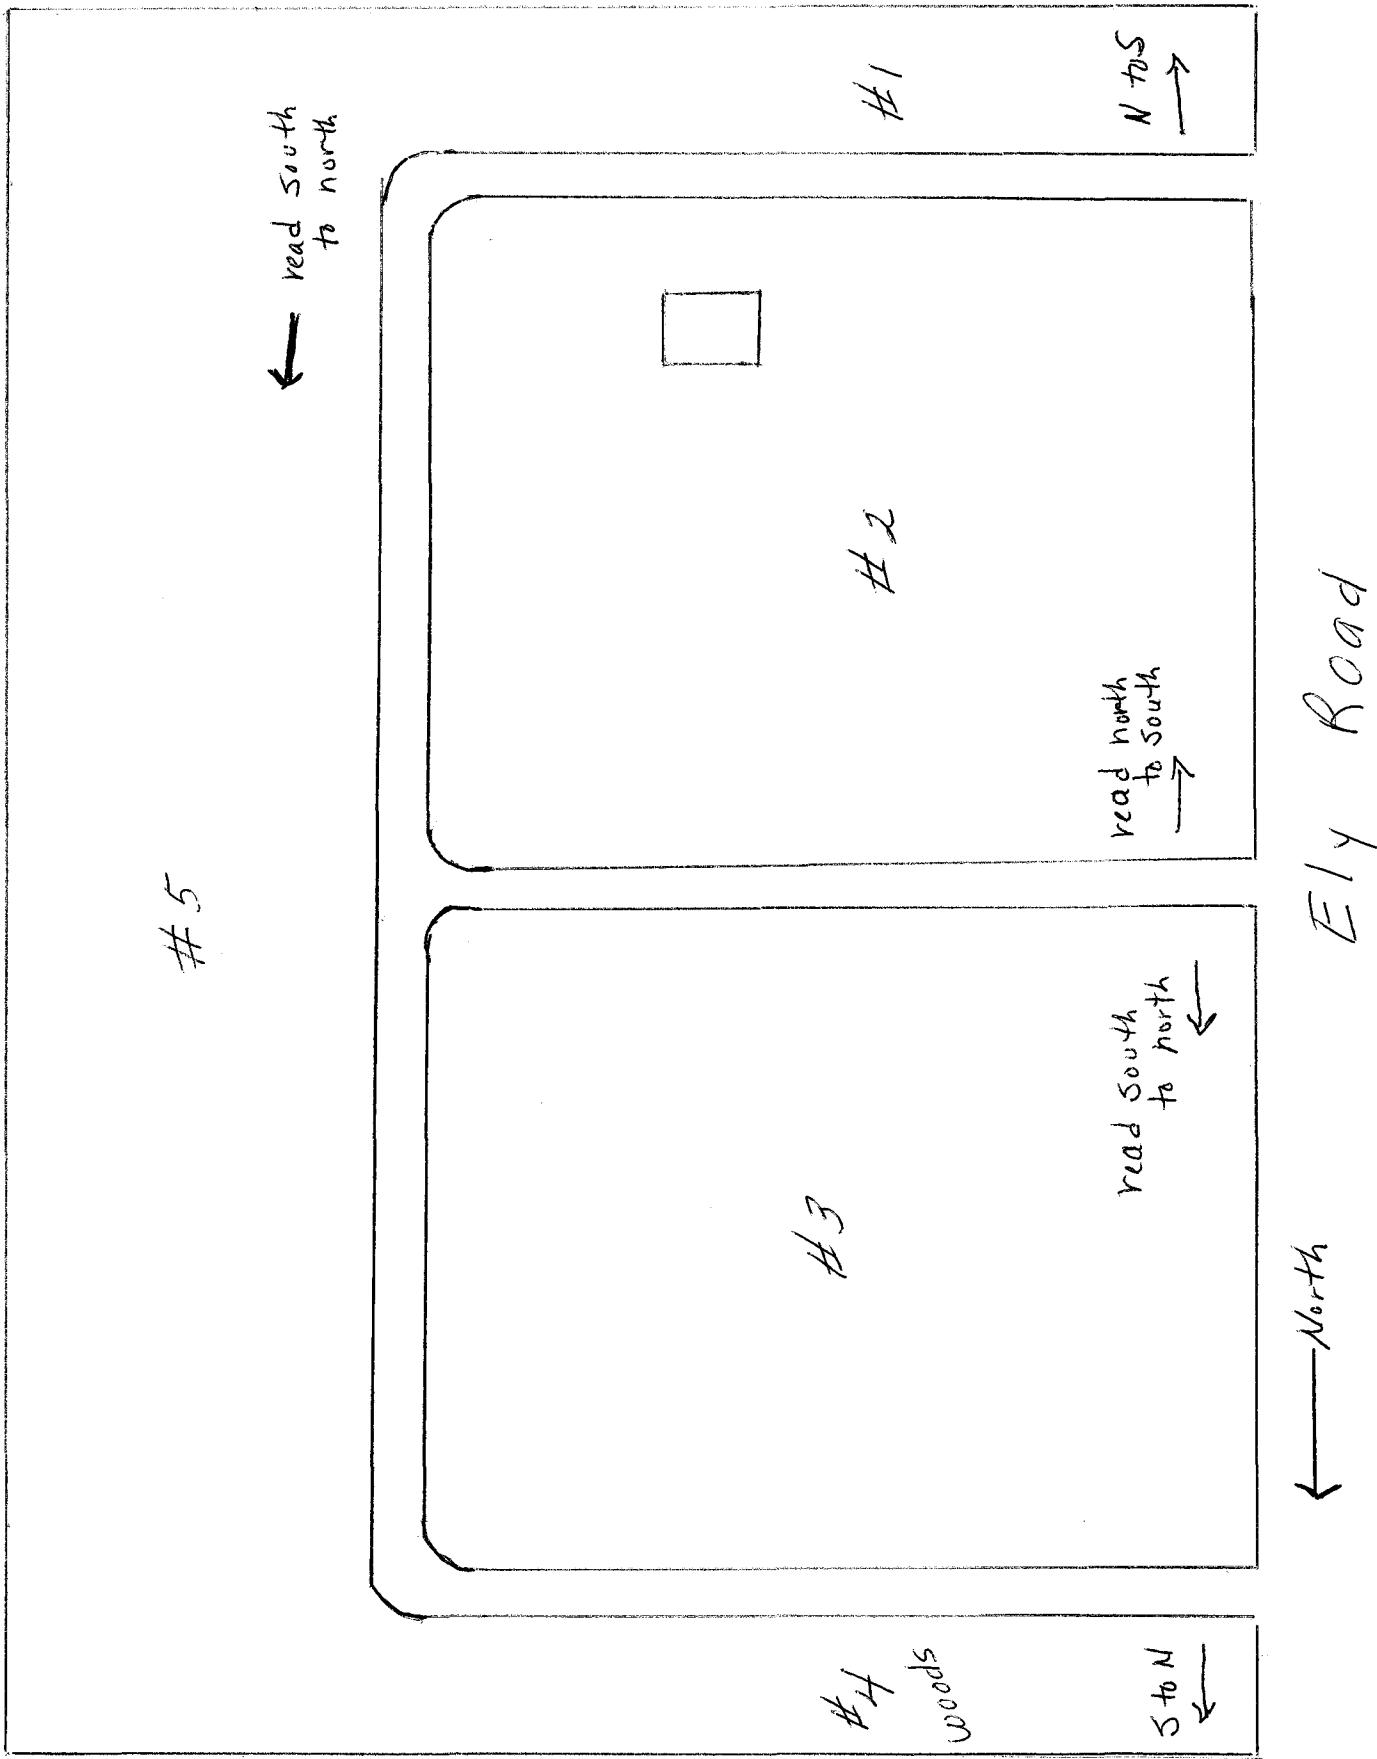

Above are two photos of the front gates to the Reynolds Corners Cemetery electronically enhanced. The gates are usually wide open and are no where near this close together.

The above vault is in section 2 of the cemetery. The sign on the door reads:
Washtenaw County Historic District Commission
Reynolds Corners Cemetery
Reynolds Corners Cemetery, located in the southwest corner of Manchester Township, was initially affiliated with a local church which no longer exists. The Reynolds family owned this property at the corners of Ely Road and Michigan Ave. A faint dated 1883, is believed to have been built when the cemetery was dedicated.

The grave of Captain Ebenezer Davis, veteran of the Black Hawk War, is one of the oldest. This cemetery is distinguished by many Washtenaw and Lenawee County farmers interred here, including the Brighton, Holmes, Witherall, Cooley and Smalley families.

EYNOOLDS CORNERS CEMETERY

**Reynolds Corners Cemetery
Ely Road, Washtenaw County, Michigan**

Reading was done in 5 sections, several sections were walked in different directions. Section 1 and Section 2 were walked from north to south. Section 3, Section 4 and Section 5 were walked from the south to the north. Section 4 has many old stones that are in shrubbery and/or under huge pine trees. These stones were very hard to get to in late summer, and in fact, during one reading, the walker refused to go “into” the brush for fear of poison ivy and snakes. It would be advisable to visit this cemetery in early spring before the brush takes on its foliage if you are interested in a burial in Section 4. In Section 2, care should be taken if trying to locate a burial in Rows 13 and/or 14, the rows are very close together and may actually be only one row.
